You're a sweet girl and smart
just keep your big mouth shut
and you'll probably pass.

Many faces, each one like no other.
Joining together, a constellation of stars,
Giving a radiant glow.

The Center Attraction

Seen for the uniqueness of its glow.

The leader of a cluster,
Shining a bright light to show others the way.

Each striving for one goal.
Reaching for the lone star.

You are one of the nicest people, anyone could ever meet. I have really enjoyed knowing you. I wish you success in whatever you strive to do, and I'm sure you will succeed! If you ever need a friend, I'll be there!

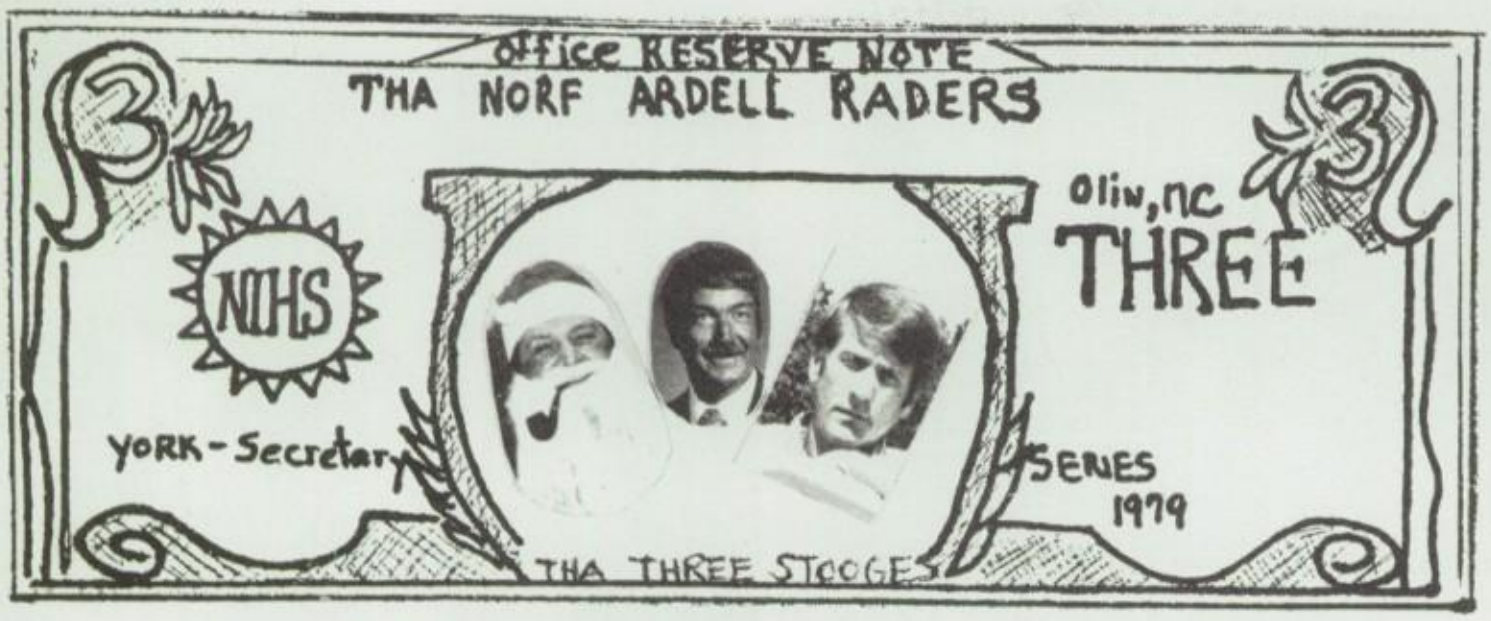
a Huge Success



Kicking the magazine drive off to a fantastic start was a skit by the faculty entitled "Charlie Brown and the Magazine Drive." Our super staff portrayed characters from the "Peanuts" comic strip, and demonstrated the proper techniques for selling magazines. The seniors presented the winning skit which was entitled "Going Back in Time."

1,4,5,9,10) The senior class illustrates their award winning techniques during the skit competition. 2) Not only did the faculty skit show originality, but also artistic ability. 3,7,8) Those students selling a sufficient amount of subscriptions were allowed to attend the disco dance. 6) George Washington, eat your heart out!

The junior class skit was a hilarious take-off on "The Gong Show", while the sophomore skit portrayed characters from "Gone With the Wind." The freshmen performed a satirical rendition of "Saturday Night Live." Other events planned to encourage students to sell magazines included a disco dance, a carnival, and movies. The magazine sale was indeed a great success.

An Active Year for S.G.

The Student Government, under the sponsorship of Mr. Brady Johnson, has had a very active year. Last May, new officers were elected by the student body. They are Mike Gatton, President; John Bracy, Vice President; Teresa Williams, Secretary; and Bonnie Mitchell, Treasurer. Other officers were appointed by the President during September. These officers include President Pro Tempore, Karen Smith; Sergeant at Arms, Sheila Ijames; and Attorney General, Carol Critz.

Making It Work

The purpose of Student Government is to serve the student body in all possible ways. This year the organization is composed of twenty hard-working members eager to serve the student body.

Throughout the year, Student Government has been working diligently toward the meeting of this goal. In October, the annual talent show was presented to the student body. The Blue Grass Blues Band captured first prize, Donna Bustle received second, and Joy Johnson was awarded third. Other successful projects included a disco dance featuring Sir Nose, a penny drive, and the wearing of armbands in support of the American hostages in Iran.

Not only does Student Government serve the student body, but also the faculty. During Secretary Week, the Student Government treated each secretary to a steak dinner. Each member has also adopted a "secret pal" for which they are to do small favors.

Student Government must also work toward good public relations between the county high schools.The officers attended a special workshop at Statesville Senior High in order to discuss the roles of Student Government. Plans are also being made to attend conferences in the future.

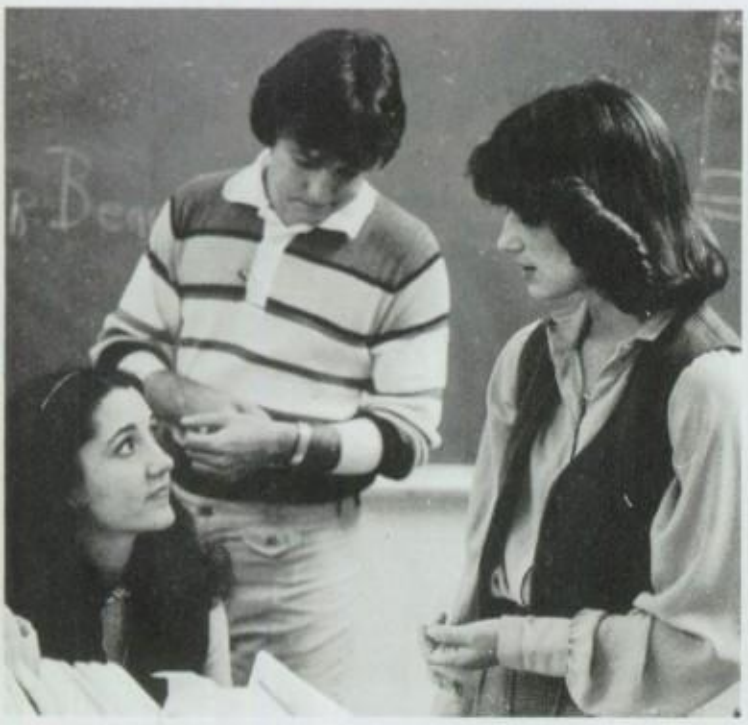
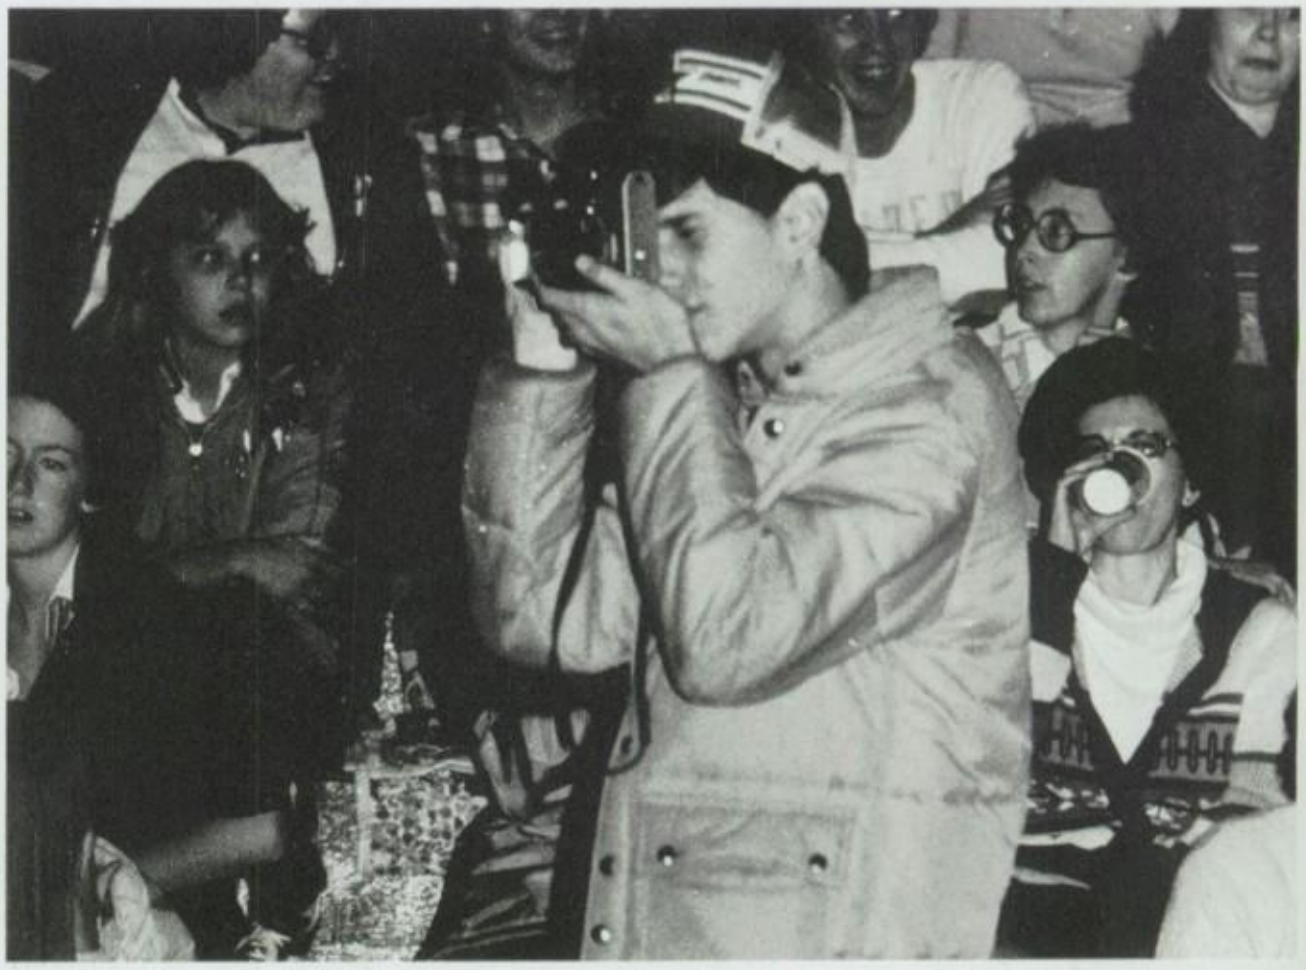
North Iredell Publications





The newspaper staff, under the direction of Mr. Grayson Beane, has once again become an important factor of student life. Entitled the FOURTH ESTATE, the newspaper brings students up to date on campus life and achievements. Editor Kim Mayberry and her ambitious staff have worked very hard this year to obtain stories and features of interest to the students.

Mrs. Debbie Miller and her notorious staff have worked feverishly throughout the year on the 1980 CYNOSURA. Using the definition of CYNOSURA as the theme for this year's annual, great amount of time was put into the drawing of layouts, photography, cropping, and the writing of copy in order to produce a magnificent yearbook.

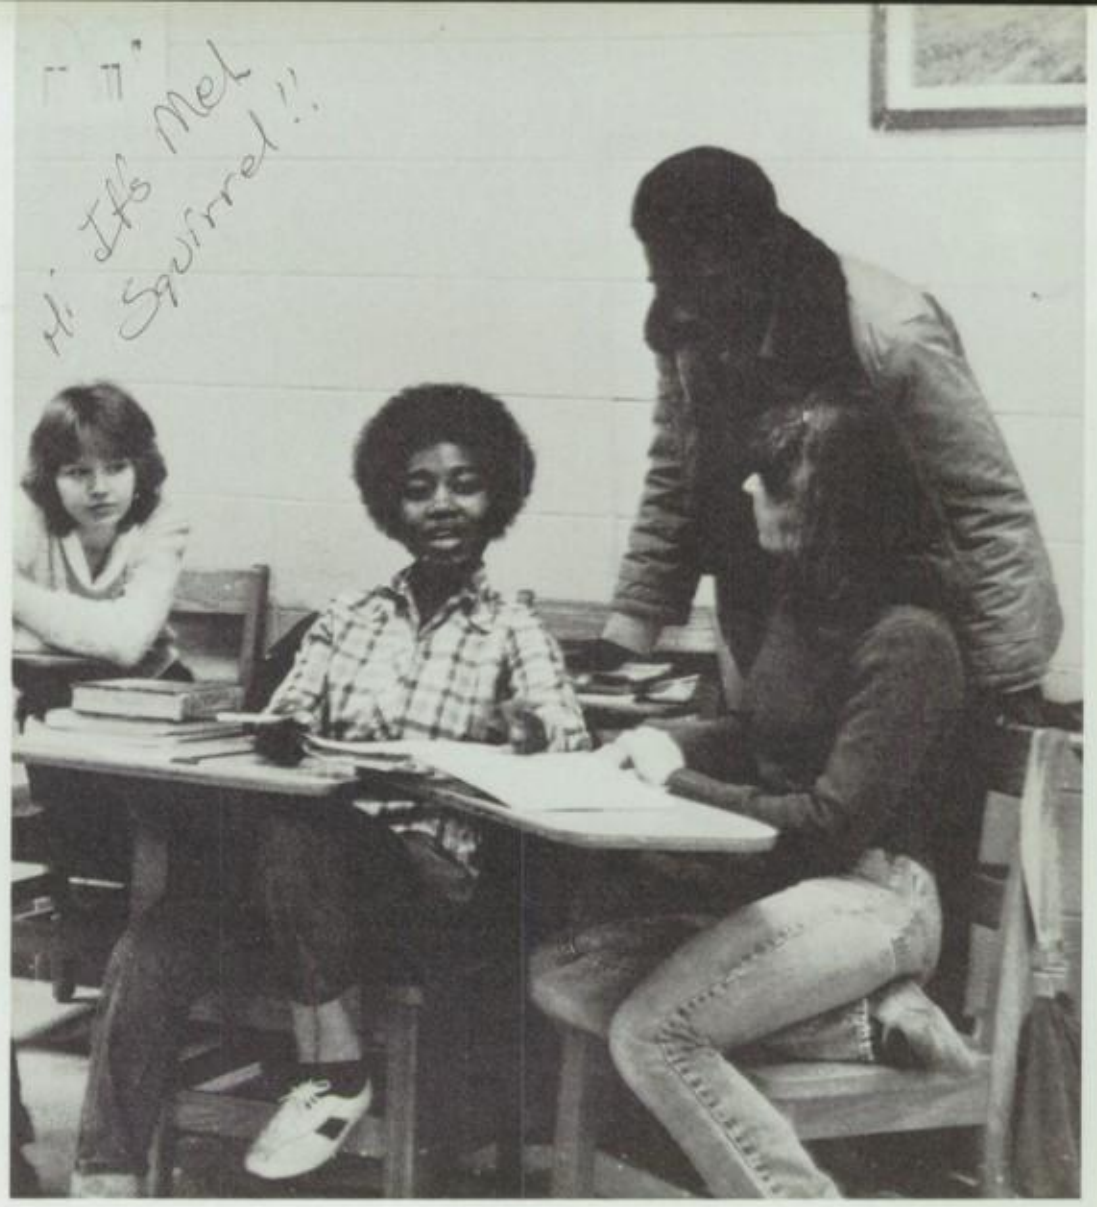
AFS Draws Students Together

Samantha Foreman, age seventeen, is from Hamilton, New Zealand. Among her favorite hobbies are soccer, hockey, and swimming. Having gone to an all-girl, private school in New Zealand, Samantha enjoys North because of the wider variety of subjects and absence of school uniforms. She presently resides with Barbara and Lane Reavis of Harmony.

Adelaide Quansah, from Ghana in West Africa, saw snow for the first time this year. Adi has eight brothers and sisters and she is eighteen years old. When she goes back home, she hopes to go to the University of Ghana and study to be a medical doctor. She lives with Mr. and Mrs. Redmon in Harmony.



Freddy Poole, son of Mr. and Mrs. Fred Poole of Harmony, left for Australia in January of 1980 and will reside there for one year. Freddy is North Iredell's first student to participate in the American Field Service winter program.

The prerequisites for becoming an AFS student are fairly simple. One must receive at least average grades, be seventeen years of age, and be approved by a school appointed committee. The most important characteristics for an AFS student is an outgoing personality.

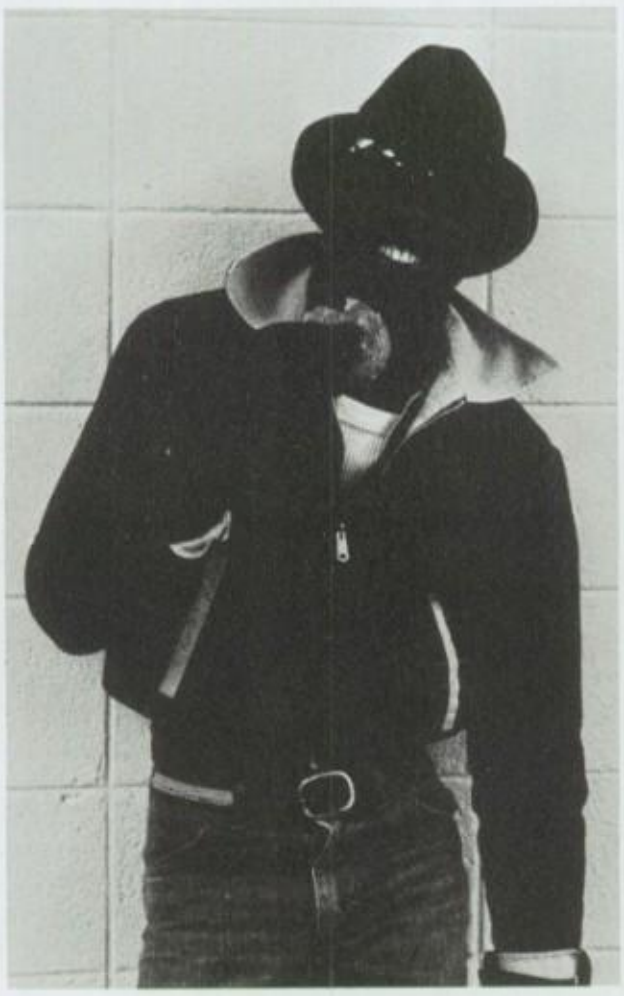
The Keywanettes sponsored a successful clothes drive and a luncheon for the teachers during a workday. The Key Club has been busy selling wood in order to raise money for retarded citizens. Joint projects include visiting rest homes, attending church, collecting money for various charity organizations, and sponsoring the Homecoming Dance.

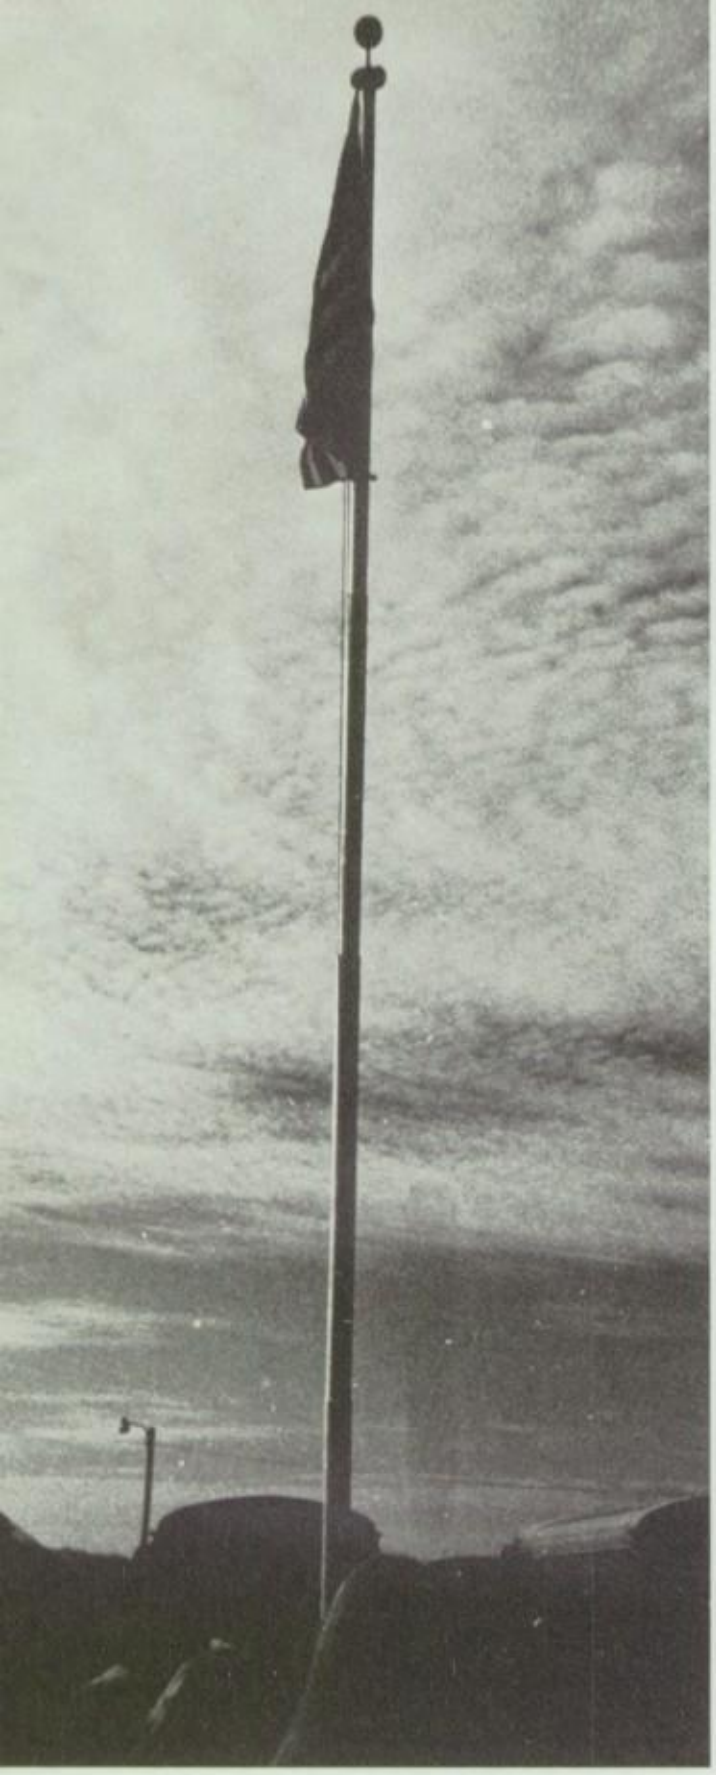
Students "Bleed" for Red Cross

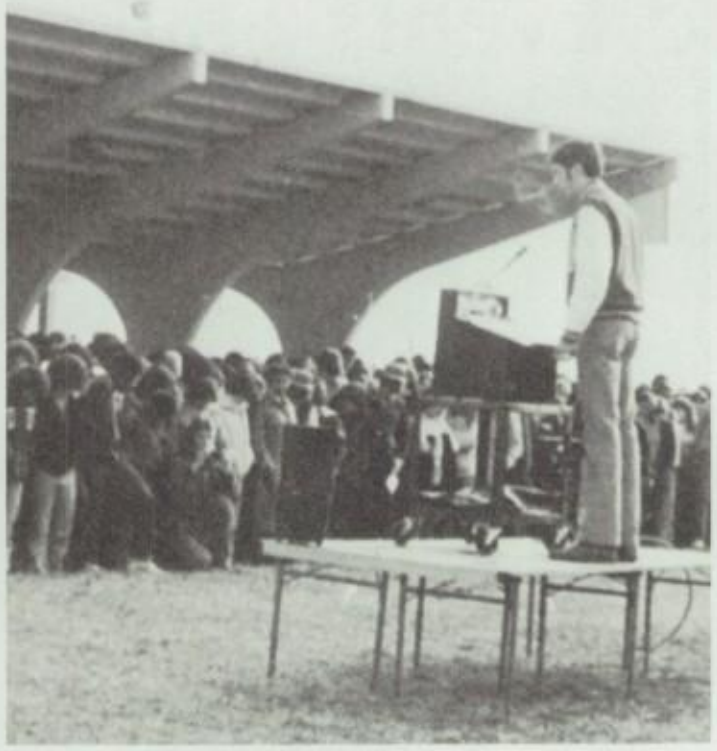
The 1980 Red Cross blood drive at North was a resounding success. The event was sponsored by the Leo Club, FFA, and HOSA. Students from these organizations helped the Red Cross personnel in all phases of the drive which produced a total of 127 pints, 80 of which came from first time donors.

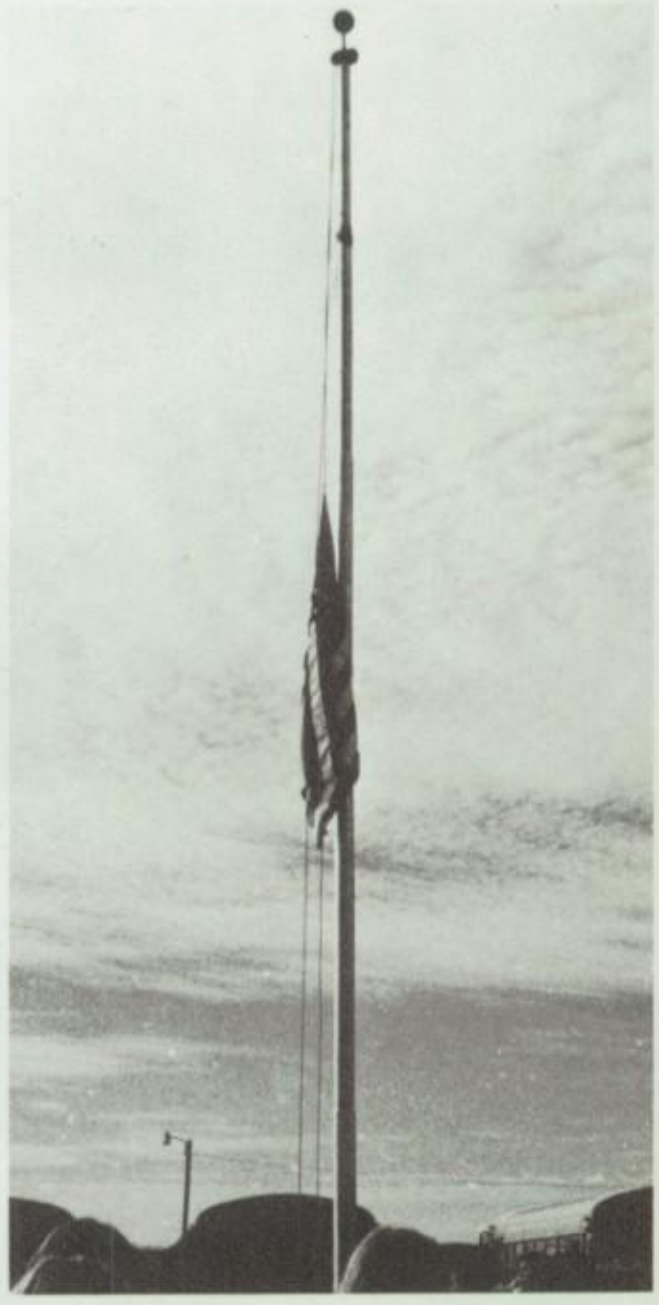
Dough Means Money

"There's gold in them thar holes!" Shouted the school administration as the Great Drive began this winter. In order to purchase bleachers for the visitors' side of the football field, students and staff banded together to raise funds. Dozens of donuts drew desirous drools from the droves. North High went "hole" hog working on this project. One student commented, "Well, it's the yeast we could do."









Student Government purchased a beautiful new "Old Glory" for the school. The stars-n-stripes were raised this December in a special ceremony before the Student Body. The service was especially solemn in respect for the American Hostages in Iran. A broom symbolizing the Iranian flag was burned in protest of the militant action in Iran. Our new flag helped raise our spirits and patriotism in a time of severe world crisis.

World Events Shake The Year

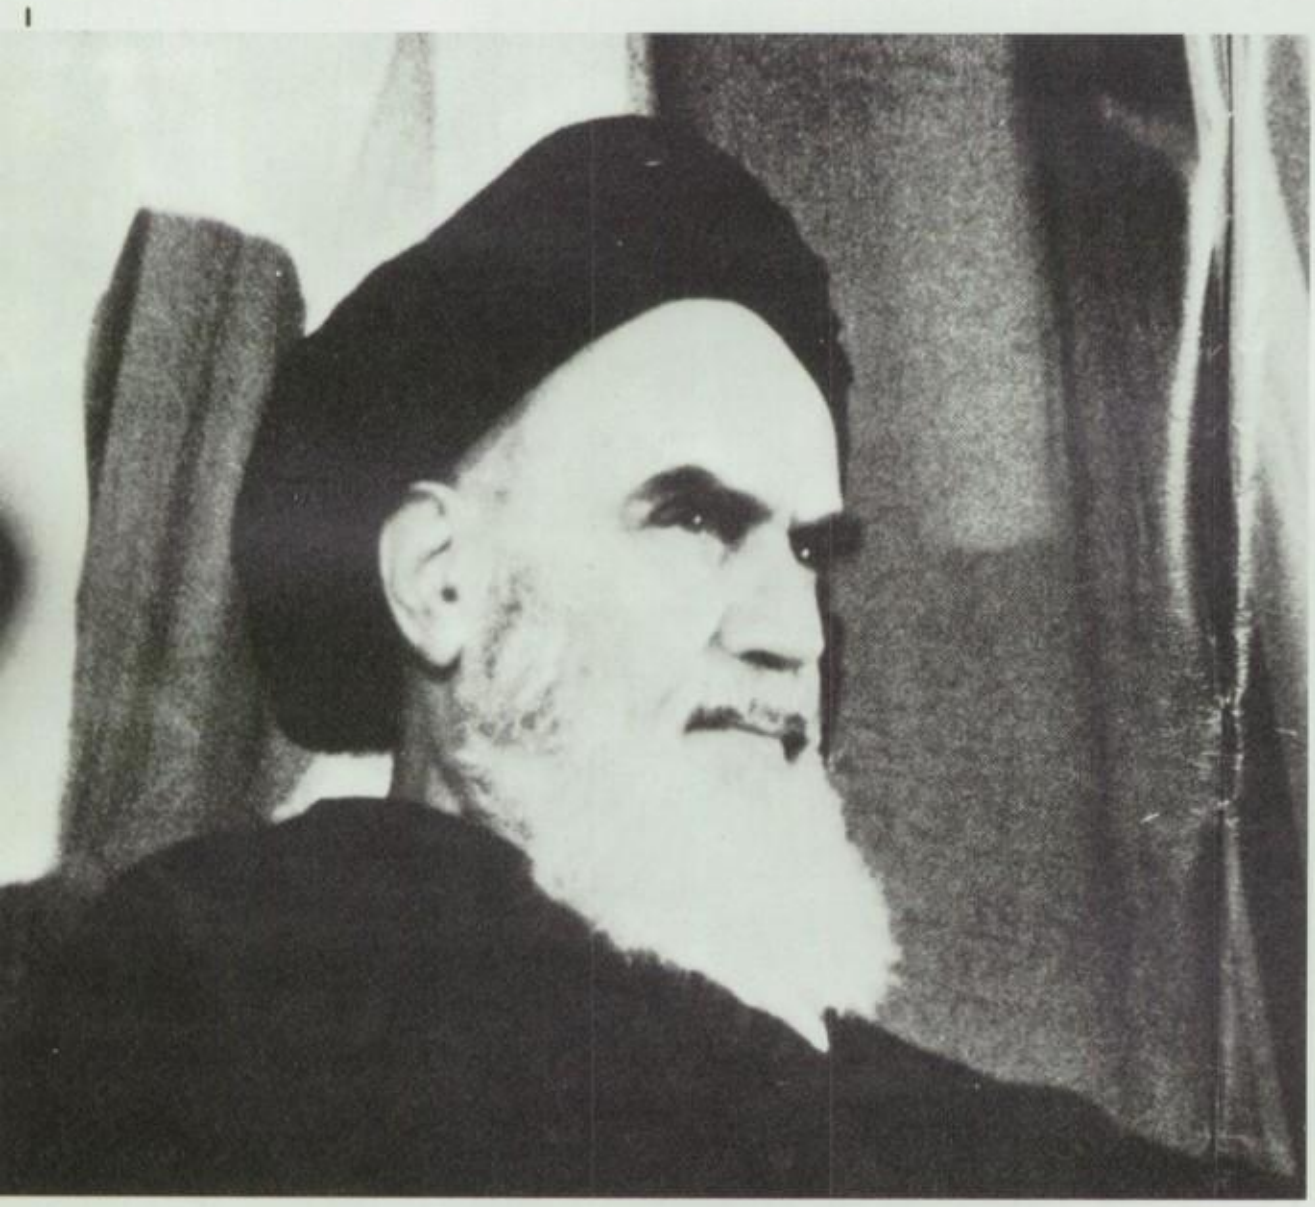
I) President Carter had a very rigorous presidential year dealing with the OPEC countries and 2) rising gas prices. His most trying time was with the seizure and captives of the employees of the American Embassy in Tehran, Iran. Iranians demanded the return of 3) the former Shah, Muhammed Reza Pahlevi - who was in a New York hospital, in exchange for the hostages. 4) Yassir Araffat tried to negotiate with the Iranians officials, but the militant "students" who charged the Embassy refused to bargain. Also involved in negotiations this year was 5) Pope John Paul II who persuaded the Argentinians and Chileans to call a truce in their Cold War. Another ecclesiastical figure in the headlines was 6) Mother Teresa of Calcutta who was awarded the Nobel Peace Prize for her work with the poor.

1

2



3

5

1) The invasion of Afghanistan by the U.S.S.R. was seen as a grave threat to world peace, especially to unstable Iran. The U.S. and China united against the aggression of the Soviets. 2) Improved relations lead to Chinese influence in fashion here and the exportation of Coke to the PRC. 3) The Ayatollah Khomeini, religious and constitutional head of Iran, led a campaign of hatred against the American people which led to the seizure of the U.S. hostages. Shaking our country was an affair nicknamed the China Syndrome, a nuclear melt down which theoretically would melt a hole in the earth "down to China." 4) Jack Lemmon's brillant portrayal a nuclear physicist in THE CHINA SYNDROME brought new wave of "anti-nuke" protests. These were doubled when (5) Three-mile Island Nuclear Plant near Harrisburg, Pa, nearly met with catastrophe. The threat of nuclear fallout has caused many troubles for the people of the area, who still cannot know the full results of the mishap.

The Sound of Music for Richard Rogers ended this year. The Master song writer who produced "Oklahoma" and "South Pacific" died, but his music will always keep his memory alive. 2) Willie Stargell led the Pittsburgh Pirates to their World Series victory in 1979. 3) Skylab fell out of orbit this year, creating a wave of campy "Skylab crash helmets" and "Welcome Home Skylab" parties. The space station burned in the atmosphere and scattered debris on Australia. 4) George Meany, AFL-CIO head, died this year. He lead the voice of workers worldwide, and the fruits of his labor are found in every factory in America. 5) Marathon running became the rage, and sights like this were common to every large city. The N.Y. and Boston Marathon races were the most popular and the most grueling.

1

1) Bo Derek, star of the movie "10", became everybody's pinup sweetheart. 2) Divine Miss M, Bette Midler, "rose" to stardom this year with her acting debut in THE ROSE. 3) John Stallworth of the Steelers helped lead the team to their 4th Super Bowl victory. 4) DISCO! This year it really got rolling and skating became chic. Speaking of skates, 5) the Olympics at Lake Placid, N.Y., were plagued with international disputes and most critically, little snow. 6) Joe Green isn't too mean to congratulate the Rams on their great attempt to overthrow the Steeler "dynasty" his "Steel Curtain" was too much for the L.A. team. 7) The city of Champions fell in love with reliever Kent Tekulve for saving the 7th game of the series.

The lone bright star dimming,

Extinguishing their lights during daybreak.
